Fifty-fourth session
Agenda item 100

RESOLUTION ADOPTED BY THE GENERAL ASSEMBLY

[*on the report of the Second Committee (A/54/588/Add.7)*]

54/214. Conservation and sustainable development of Central African forest ecosystems

The General Assembly,

Recalling the United Nations Conference on Environment and Development, held at Rio de Janeiro from 3 to 14 June 1992, and General Assembly resolutions 47/190 of 22 December 1992, on the report of the Conference, and 47/191 of 22 December 1992, establishing the institutional arrangements for the follow-up to the Conference,

Recalling also its resolution 53/188 of 15 December 1998 on the implementation of and follow-up to the outcome of the United Nations Conference on Environment and Development and the nineteenth special session of the General Assembly,

Recalling further the work of the Intergovernmental Forum on Forests within the context of the Commission on Sustainable Development,

Noting with appreciation the Summit of Central African Heads of State on the Conservation and Sustainable Management of Tropical Forests, held at Yaoundé from 12 to 17 March 1999,

Mindful of the need for the conservation and sustainable management of the forest ecosystems of Central Africa, which constitute an important natural asset for present and future generations,

Convinced that the sustainable management of forest resources can contribute significantly to the economic, social and cultural development of the States that border on forests,

Convinced also of the important role of subregional and international cooperation in the management of forest ecosystems and combating desertification, in keeping with the international commitments entered into by the international community,

Considering that a synergy of international and national efforts is essential in order to achieve sustainable development,

1. *Recognizes* the importance of the forests of the Central African subregion, the natural characteristics of which play an essential role in the equilibrium of the biosphere of the entire planet;

2. *Welcomes* the Declaration adopted by the Summit of Central African Heads of State on the Conservation and Sustainable Management of Tropical Forests, held at Yaoundé from 12 to 17 March 1999,[1] encourages the countries of Central Africa to implement to the fullest extent possible the undertakings set out in the Declaration, and recognizes the efforts made by those countries in this respect, in particular with regard to policy coherence and coordination, with a view to the sustainable management and conservation of the forest ecosystems of the Central African subregion;

3. *Invites* the international community to support the countries of Central Africa in these efforts, including through the provision of financial and technical assistance on a regional basis;

4. *Encourages* the international community, including the Global Environment Facility and the Intergovernmental Forum on Forests, when considering ways and means of achieving the conservation and sustainable management of all types of forests, to take into account, *inter alia*, the forests of the Central African subregion;

5. *Requests* the Secretary-General to report to the General Assembly at its fifty-fifth session on the implementation of the present resolution, within the context of the reporting emanating from the Intergovernmental Forum on Forests and taking into account other reporting requests under the item entitled "Environment and sustainable development".

87th plenary meeting
22 December 1999
